

ACCESS GUIDE

The Donmar Warehouse aims to be accessible and welcoming to everyone.

Below is all the information about our theatre that you should need ahead of your visit.

Blue Badge Parking

There is one Blue Badge parking bay outside the Donmar. It is only available after 6.30pm. Please ensure you display your Blue Badge clearly. For more information on other parking spaces in the area please [click here](#) or alternatively call Camden Council on **020 7974 4444**.

Theatre entrance

There is a 15cm step from Earlham Street into the foyer. A member of staff will be able to place a portable ramp over the step.

Foyer and box office

When you enter the foyer through the doors on Earlham Street, you can collect your tickets from the box office, which is straight ahead of you. The box office counter is approximately 1.2m high.

There is a lift up to all levels of the auditorium. The lift is to the right of the box office.

The staircase leads up to both stall and circle levels. There are handrails on both sides and the steps are well highlighted. There are 26 steps from the foyer to the stalls and another 23 steps from the stalls to the circle.

Bar

There are bars on both levels, which typically open an hour before performance time. The circle bar has a section of the bar at a lower level.

Toilets

On the stalls level there are ladies & gents toilets (3 steps) and on the circle level there is an accessible toilet for the priority use of disabled customers.

Auditorium

Our auditorium seats 251 people. The seating is bench-seating and surrounds three sides of a wide rectangular stage.

The stalls entrance on the first floor brings you into the auditorium at the back – where a sloping, dimly lit passageway runs along behind the seating. Staff are on hand to show you to your seat. Rows A and B have one step down leading to the seats and Row D has one step up. There are no steps on Row C.

The circle entrance leads you straight into the back of the auditorium. This level is not ideally suited to wheelchair customers as there are steps to all seats. Row C has steep stairs and is not suitable for elderly or pregnant customers.

If you have questions about the Donmar that are not answered here, or would like to make a comment about access in our theatre, then please call **020 7845 8573** or email access@donmarwarehouse.com.
