

## MY FUTURE: Project Schedule

*My Future* is a new project from Donmar LOCAL Key Stage 3 students exploring activism and theatre-making. This project will see young people devise new pieces of theatre with a team of artists and their teachers during sessions delivered within their existing timetable or after school. We are aiming to run each session for up to two hours or a double period. Through these sessions they will create a performance for the Donmar stage, with a possibility of a filmed version to share more widely, that seeks to provoke behaviour change in relation to the climate crisis. This project is supported by PWC who we are also shaping the offer with, seeking opportunities to build links between their business, the Donmar, and schools.

If you are interested, please sign up [here](#) or contact [local@donmarwarehouse.com](mailto:local@donmarwarehouse.com) with any questions.

w/c 4 September	Planning and in-school recruitment
